# Settings

## 01. Algemeen

### **Sidebar position:**

You can choose if the sidebar will appear on the left or right side.

### **Font:**

Set the font that will be applied to the entire webshop.

### **Headlines autoscroll speed:**

The time each slide will be shown. Enter a number in milliseconds.

### **Hover color:**

The color of all links and some buttons when you hover over them.

### **Logo:**

The image shown on top of the page. Maximum width is 455 pixels.  
Recommended dimensions: 300x50 pixels.

### **Favicon:**

A favicon is the small image shown next to your website URL.  
Recommended dimensions: 16x16 pixels or 32x32 pixels.

## 02. Top Header

### **Text color:**

Set the color of the text in the top header.

### **Background color:**

Set the background color of the top header.

### **Promo text:**

Enter the text that will appear in the top header.

## 03. Navigation

### **Text color:**

Set the color of the text in the navigation bar.

### **Background color:**

Set the background color of the navigation bar.

## 04. Headlines

### **Background color:**

Set the background color of the headlines-section. It is recommended to give the headlines the same background color as this option.

Recommended dimensions headlines: 1170x400 pixels.

## 05. Tekst homepage:

### **Text color:**

Set the color of the text on the homepage (the section below the slider).

### **Background color:**

Set the background color of the text section on the homepage (the section below the slider).

## 06. Homepage products section

### **Text color:**

Set the color of the text in the homepage products section.

### **Background color:**

Set the background color of the homepage products section.

### **Background texture:**

Choose a texture that will be displayed as background image for the homepage products section. If you choose 'Geen textuur' (= no texture) the background color will be used.

Note: This texture or background color will also be used on other pages for the banner with the titles.

### **Banner:**

Upload an image that will be shown in the products section on the homepage. Maximum width: 263 pixels.

### **Banner link:**

The page where the banner should lead to, when someone clicks on it.

### **Banner verbergen:**

Activate this option, if you want to hide the banner.

## 07. Categorie sectie homepage

### **Verberg categorie sectie homepage:**

Activate this option, if you want to hide this whole section.

## 08. Promobanner

### **Background color:**

Set the background color of the promobanner-section. It is recommended to give the promobanner the same background color as this option.

### **Promobanner:**

Upload an image that will be shown in the promobanner-section. Recommended dimensions: 630x45 pixels.

### **Promobanner link:**

The page where the promobanner should lead to, when someone clicks on it.

### **Promobanner verbergen:**

Activate this option, if you want to hide the promobanner.

## 09. Footer

### **Thema:**

Choose the theme 'Licht' when you set a light background color. Choose the theme 'Donker' when you set a dark background color.

### **Background color:**

Set the background color of the footer.

### **Text color:**

Set the color of the text in the footer.

### **Nieuwsbrief verbergen:**

Activate this option, if you want to hide the newsletter in the footer.

Note: If you activate this option, the 'uitgelicht'-image will become twice as big.

### **Uitgelicht:**

Upload an image that will be shown in the footer.

### **Uitgelicht link:**

The page where the 'uitgelicht'-image should lead to, when someone clicks on it.

**Uitgelicht titel:**

Fill in a title that will appear above the 'uitgelicht'-image.

## 10. Copyright balk:

**Background color:**

Set the background color of the 'copyright balk'

**Text color:**

Set the color of the text in the 'copyright balk'

**RSS feed verbergen:**

Activate this option, if you want to hide the RSS feed.

## 11. Products

**Achtergrondkleur acties:**

Set the background color of the 'bar with actions' ('Add-to-cart and 'View'), which is shown below each product.

**Text color:**

Set the color of the text in the bar with actions.

## 12. In winkelwagen button

**Background color:**

Set the background color of the 'add-to-cartbutton'.

**Text color:**

Set the color of the text in the 'add-to-cartbutton'.

**Tekstkleur hover:**

Set the color of the text in the 'add-to-cartbutton' when someone hovers over the button.

Note: The background color of the 'add-to-cartbutton' will change to the 'Hover color' (01. Algemeen) when someone hovers over the button.

## 13. Instellingen

### **Populaire producten verbergen:**

Activate this option, if you want to hide the top 3 most viewed products on the homepage.

### **Hide tags:**

Activate this option, if you want to hide the tags displayed on the homepage.

### **Verberg sale label:**

Activate this option, if you want to hide the automatically generated sale label. (Normally, a sale label appears when there is an old price.)

### **Verberg recente berichten:**

Activate this option, if you want to hide your recent blog-posts on the homepage.
